

The Mojo 10-0-2

Sugar Cane Molasses, Urea, Ammonium Sulfate

Find all Plant Juice information at www.molasseskings.com

THE MOJO

30gal drum and 250gal totes
now available on our website!

The Mojo is a true soil feed and can be applied in foliar applications (no need to water any of our Plant Juices in!) or with soil sprays. The trace amount of Nitrogen when applied at 1g/a is microbial feed. When blended with the rich nutrient and carbohydrate profile, **The Mojo** is a blast of energy, promoting natural cycling and the resulting growth! Combined with quality cultural practices and the resulting active soils, **The Mojo** will contribute to the strengthening of your plant system!

Molasses forward blend!

- **High molasses content**
- **Promotes soil energy**
- **Increases organic decomposition**
- **Contributes to firmer surfaces**
- **Rich carbon source**

0.02#N/m @ 1g/a

- **Excellent microbial feed**
- **Enriched nutrient profile**
- **Increases nutrient cycling**
- **Improves mowing conditions**
- **Healthy and durable plants**

Priced to support your program and enhance soil and plant health on bulk acres!
